Ce protocole donnera des résultats visibles après plusieurs semaines d'utilisation.

	Equipment used	Cleaning products	Cleaning methods
<p>Preparation of the floor</p> <p>Mechanical cleaning</p>	  	Alkaline detergent	<ul style="list-style-type: none"> • Damp sweeping • Mechanical washing with blue disk at 300-450 rpm (with water recovery)
<p>First cleaning</p> <p>Mechanical cleaning (preferable)</p>	   almond	Concentrated redispersible detergent (microprotection)	<ul style="list-style-type: none"> • Damp sweeping • Mechanical washing with almond green disk with auto scrubber
<p>Daily cleaning</p>	Follow the recommended protocol for each area by replacing the neutral detergent with a redispersible detergent		
<p>Deep cleaning</p>	No change, follow the care protocol as recommended by Gerflor for each area		

To offer you the best results in terms of hygiene and appearance, **Gerflor recommends that you use neutral and alkaline detergents with high wetting power** (complete spreading and cleaning of the entire floor surface).
