

RAMP VINYL 6MM

THE HIGH TRAFFIC SOLUTION

CODE: 0500

▶ Adapted to high mechanical traffic as manual pallet trucks & forklift trucks (same sollicitation as GTI)

▶ 2m long x 7cm wide (visible part), 11cm total width

▶ Ready to install: pre-adhesive ramp (below the ramp & on the top) & welded with floor covering for a perfectly waterproof & long-lasting installation

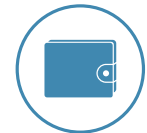

▶ 100% flexible Vinyl: no scratch, no crack, floor defaults absorption

▶ Adapted to 6 mm thick products: GTI Max and GTI EL

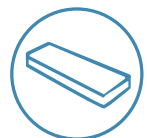

TIME SAVING
NO STRESS

(easy to install, easy to cut, no floor damage)

LONG LIFETIME
MONEY SAVING

(high mechanical traffic resistance)
