

DESCRIPTION

Description		Multicolored PVC welding rod for hot welding to ensure a watertight connection between 2 PVC rolls
Installation		Hot welding - for a better weld use an adapted nozzle
Weight	g/lm	20 ± 1,0
Diameter	mm	4,0 (-0,1 + 0,65)
Packaging	unit/box	1 coil (50 (+1/-0) lm)
Colors available		Consult Gerflor.com
Product Code(s)		H058

PERFORMANCES

Welding resistance - NF EN 684	DaN/cm	>8
Elongation at break- EN ISO 527R	%	250 + 50
Melting range- ISO 11357-2	°C	160 - 200
