

Boulevard Stripe

Barrier Matting

Uniclass Pr_35_57_11_26
Cl/SfB (43) Tn6

Boulevard Stripe is constructed from ECONYL® regenerated solution dyed nylon yarn and incorporates a heavy scraper fibre for optimum dirt removal and moisture retention. The range is available in a choice of two colours in sheet format.

Barrier matting provides an effective solution to reducing maintenance costs on surrounding floorcoverings and helps minimise the risk of slip on hard floor finishes. It can also, when maintained correctly, help protect the appearance of surrounding floorcoverings throughout their life.

Boulevard Stripe can be used in conjunction with a primary entrance mat and in some situations can be used as stand-alone matting or in conjunction with a secondary barrier mat in entrances and access points. It is also ideal for use in areas of a building prone to soil and moisture damage.

The range is designed to complement Boulevard 5000, Mat-in-a-Box 5000, Access 5000 and Esplanade 5000.

Note: Boulevard Stripe is not recommended for use on staircases.

Boulevard Stripe

Specification

Product Format	Sheet
Product Dimensions	25m x 2m
Product Construction	Tufted Cut Pile
Surface Yarn	ECONYL® Regenerated SDN
Total Carpet Weight	3400 g/m ²
Tufted Pile Weight	800 g/m ²
Primary Backing	Non-woven
Secondary Backing	Pvc
Total Carpet Thickness	6.8mm
Pile Height	3.7mm

Performance Specification

Classification BS EN 1307	Class 33
Static Electricity ISO 6356	<2kV

Flammability

BS EN 13501-1	Class Bfl-s1
---------------	--------------

Warranties

Wear Warranty	5 Year
