

DURAPLANK XL

Transform your home with Kenbrock

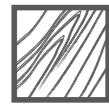

What's not to love about

DURAPLANK XL

ALOX SHIELD

Aluminium-oxide, UV-reinforced topcoat with scratch guard protection.

TIMBER TOUCH

Real wood replicating texture that provides depth and character.

ENDURA GUARD

Transparent heavy duty 0.55mm wear resistance layer suitable for light commercial usage.

PRINTED DESIGN

High definition print film using authentic natural designs using A and B matching films for low pattern repeat imitating real timber.

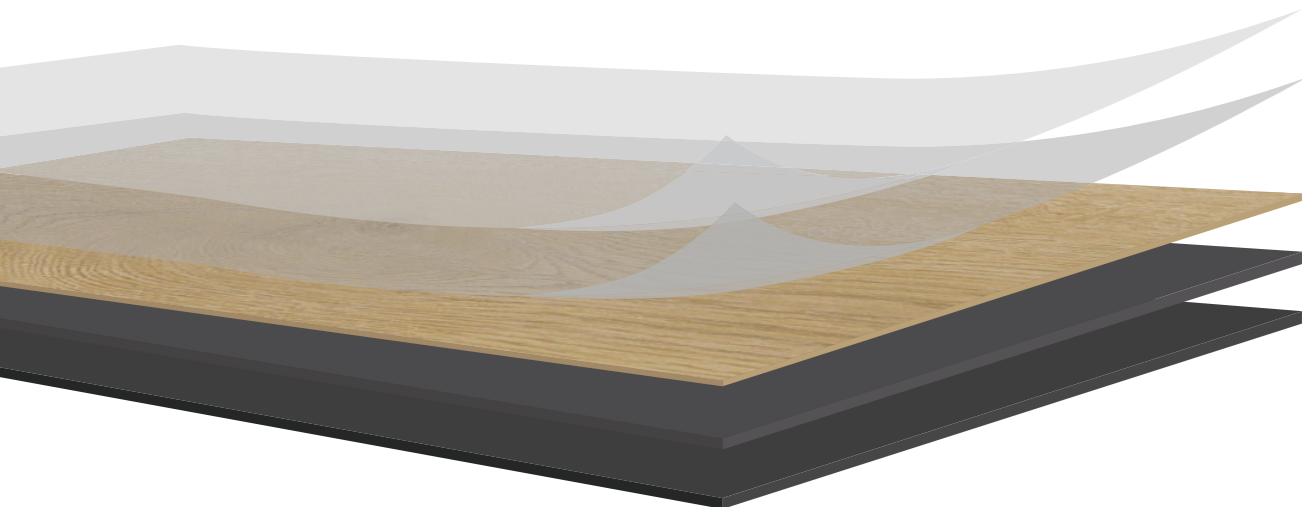

RESILIENT COMFORT

Virgin PVC layer providing structural stability and flexibility.

GRIP BACKING

Textured designed backing to enhance the bond with adhesive for stronger installation.

ULTRA NATURAL PATTERN VARIATION

Duraplank XL was meticulously crafted to elevate the aesthetic appeal of your flooring. By integrating multiple extra-large print films to significantly reduce repetition, it ensures a more organic and unique appearance from plank to plank. The advanced print film technology captures the intricate details and natural variations found in real timber, providing a visually stunning and authentic look.

QUIET UNDERFOOT

The quiet alternative to ceramic and timber flooring hard surfaces.

WATER RESISTANCE

A genuine all rounder that is suitable for any room, including bathrooms and kitchens.*

VERY LOW VOC COUNT

Sophisticated technology drastically reduces emissions for optimal indoor air quality making it ideal for allergy sufferers.

EASY CARE AND MAINTENANCE

The superior surface treatment makes cleaning effortless.

FAMILY AND PET FRIENDLY

Built to withstand the rigours of everyday living and guaranteed to last with scratch and indentation resistance.

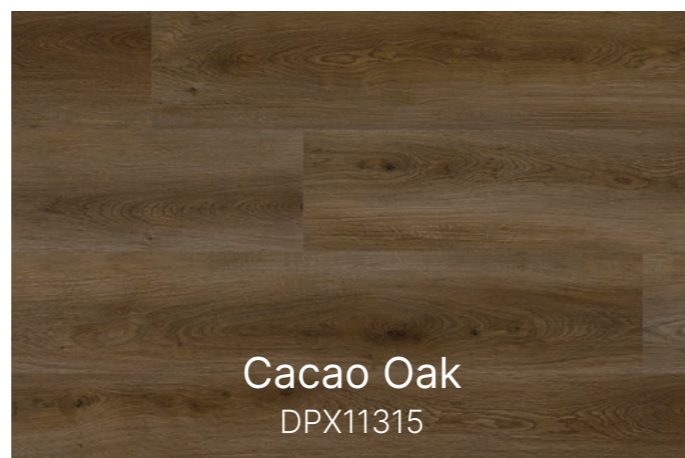

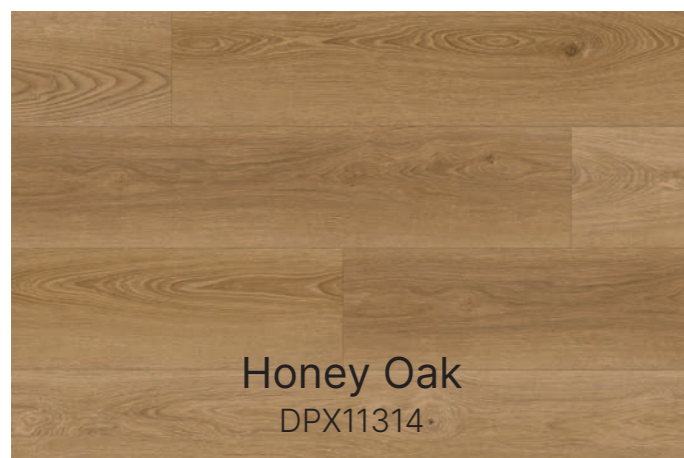

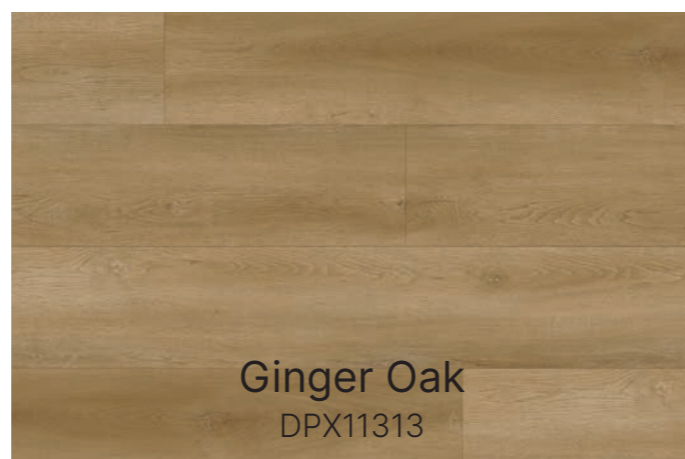

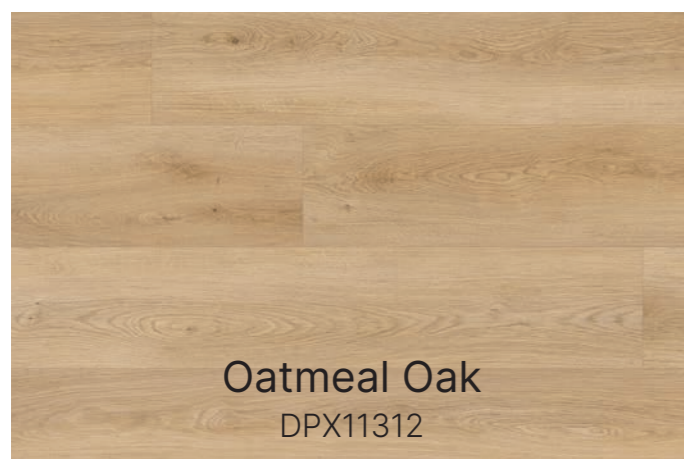

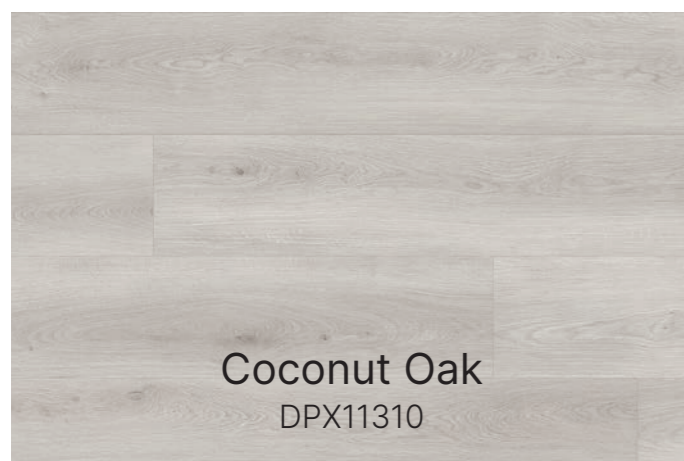

HEAVY DUTY

Super tough wear layer suitable for light commercial usage will easily take on the challenges of a busy home.

*please refer to QLD wet room guidelines

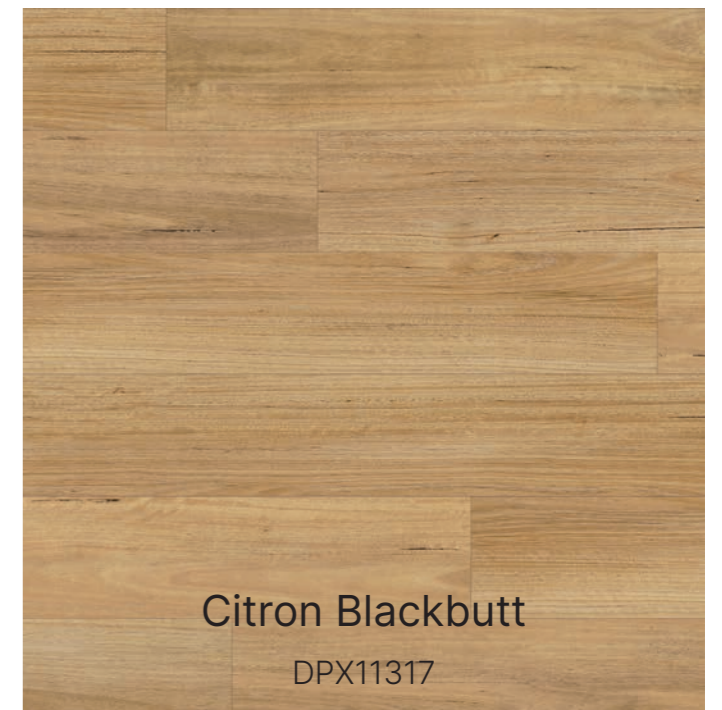

Oak Designs

Natural Oak is a perennial favourite among designers and homeowners, celebrated for its timeless beauty and classic charm. Its distinct grain pattern adds a sophisticated touch, providing a neutral yet character-rich base that enhances any room. The versatility of Duraplank XL's Oak designs is evident in the range of shades, from light to dark, allowing for great flexibility in design. This adaptability makes this range an excellent choice for complementing a wide variety of colour schemes and design trends, from modern minimalism to rustic elegance. Its natural warmth and inviting tones create a welcoming atmosphere, making it suitable for both residential and commercial spaces.

Australian Timbers

Australian timber designs are highly prized for their unique characteristics and aesthetic appeal, with standout species like Spotted Gum and Blackbutt leading the way. These timber designs are particularly favoured for their distinct grain patterns and rich colour palettes, which add a dynamic and sophisticated touch to any space. Their versatility allows them to seamlessly integrate into various design trends, by ensuring a timeless and captivating aesthetic. Duraplank XL's Australian timber designs are the ideal choice for both contemporary and classic interiors in residential and commercial settings, offering both beauty and durability.

Coconut Oak

Radiating a pristine white hue with delicate, warm grey undertones, Coconut Oak seamlessly blends with both contemporary and traditional interiors creating a timeless and captivating aesthetic that enhances any space.

Porcini Oak

Showcasing a soft, earthy palette with shades ranging from pale to mid taupe browns, Porcini Oak evokes a captivating yet rustic elegance that enriches any interior space with enduring charm.

Oatmeal Oak

Oatmeal Oak exhibits warm, inviting hues blending soft beige with warm sandy tones to inspire a sense of comfort and tranquility, making it an ideal choice for designing a serene and welcoming feel in your home.

Ginger Oak

With its rich auburn and subtle golden tones Ginger Oak creates a cosy sophistication, infusing warmth and vibrancy into any space while seamlessly enhancing both modern and traditional interiors with lively charm.

Honey Oak

With deep golden and rich vibrant tones, Honey Oak exudes a sense of warmth, blending well with a variety of colour schemes, from earthy neutrals to vibrant accents, enhancing any interior space.

Cacao Oak

With a colour palette of browns ranging from deep coffee to warm caramel, Cacao Oak radiates luxurious warmth and depth, making it a versatile choice adding richness and timeless elegance.

Lemon Spotted Gum

Showcasing a captivating blend of sandy hues and warm light-brown undertones, Lemon Spotted Gum infuses any design with lively energy and organic warmth. Its cheerful tones create a vibrant yet harmonious atmosphere, seamlessly integrating with a wide range of colour schemes.

Citron Blackbutt

With a bright and invigorating palette of sunny blonde and warm yellow shades, Citron Blackbutt radiates freshness and vitality, adding a dynamic and uplifting touch to any space. Its luminous quality makes it an ideal choice for creating a lively atmosphere.

Cinnamon Redgum

Featuring a warm, inviting palette that ranges from rich sepia browns to lighter golden tones, Cinnamon Redgum's versatile shades seamlessly blend with both neutral and vibrant colour schemes, enhancing a spaces overall aesthetic with a touch of rustic elegance.

Clove Spotted Gum

With rich, deep brown hues and tan shades, Clove Spotted Gum exudes sophistication. It adds richness and texture without overwhelming the interior style, instead harmonising well with various palettes and patterns.
