

### DESCRIPTION

Description		PVC welding rod for hot welding to ensure a watertight connection between 2 PVC rolls
Installation		Hot welding - for a better weld use an adapted nozzle
Weight	g/lm	24,5 ± 1,0
Shore		73 + 3 Sh A.
Diameter	mm	5,0 ± 0,2
Packaging	unit/box	1 coil (100 (+4/-0) lm)
Colors available		Consult Gerflor.com
Product Code(s)		H209

### PERFORMANCES

Strength at break- EN ISO 527R	MPa	8
Elongation at break- EN ISO 527R	%	445 +/- 20
Melting range- ISO 11357-2	°C	160 - 200
