Taraflex® Sports Flooring

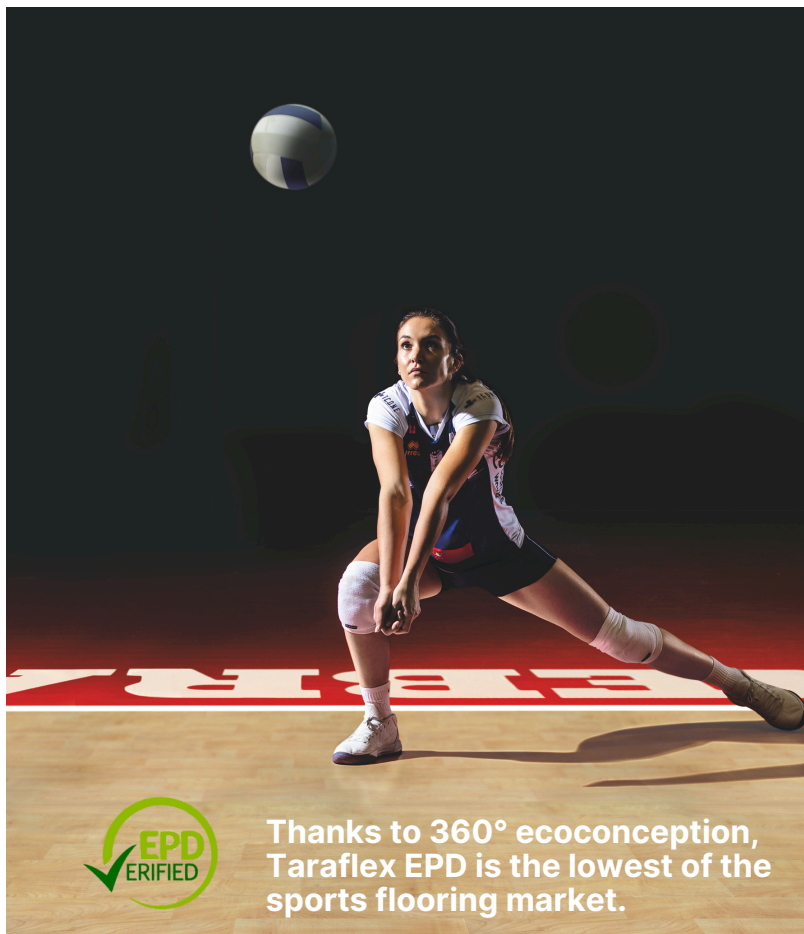

The leader in sports flooring since 1947

Gerflor®

Pioneering Excellence in Indoor Sports Flooring Since 1947

Taraflex® has set the standard in indoor sports flooring for recreational and elite play. Renowned for its high-performance volleyball surfaces, it also excels across a range of indoor sports. As the official supplier of the Olympic Games since 1976, Taraflex® has a long history of providing world-class performance. Now crafted with 58% bio-based and recycled content, it combines durability, safety, and sustainability to deliver exceptional performance while reducing environmental impact.

Taraflex® contains **24% plant residues** from responsible sources, including repurposed soya waste that is typically discarded by the animal feed industry. With its high natural and recycled content, Taraflex® boasts an **exemplary carbon footprint** without compromising on performance. Taraflex® formulation is also **phthalate-free**.
